- Colorado’s Good Samaritan Law
 - “The 911 Good Samaritan Law states that a person is immune from criminal prosecution for an offense when the person reports, in good faith, an emergency drug or alcohol overdose even to a law enforcement officer, to the 911 system, or to a medical provider. This same immunity applies to persons who remain at the scene of the event until a law enforcement officer or an emergency medical responder arrives, or if the person remains at the facilities of the medical provider until a law enforcement officer, emergency medical responder, or medical provider arrives. The immunity described above also extends to the person who suffered the emergency drug or alcohol overdose event.”
