# CDC: As Many People Have Died From Covid-19 Vaccines As ALL Vaccines In Last 20 Years COMBINED

There have been nearly as many deaths from complications following inoculation with the so-called Covid-19 “vaccines” as there have been for all previous vaccines total since January 1, 2001. In fact, the data is five days old so the gap, which was at four on May 3, has almost certainly been bridged.

How does 4,178 post-vaccination deaths relate to other vaccines?  
According to [Health Impact News](#):

*The number of deaths recorded following the experimental COVID injections now equals the total number of recorded deaths following vaccines for the past 20 years.*

# Vaccine (Jab) Shedding or better termed as “transmission”

This is a **MUST WATCH** video – especially for women who are pregnant or considering pregnancy. It also explains the many random symptoms and hormonal issues we are seeing in both men and women + many solutions!

# *Strategies for Fighting Job Transmission Illness: Radiation Protection*

**6. Go Outside!!** - the combined effect of grounding (negative ions), hydrogen, sunshine, and more is hugely powerful. Especially seek out flowing water (rivers, streams, creeks, ocean), trees or woods

**7. DNA Healing Frequency Music** – 432 hz especially – DNA repairing frequency, nature is filled with it, in some older hymns –see show notes for links

# *Strategies for Fighting Jab Transmission Illness: Natural Drugs*

1. Ivermectin – arrests the spike protein in circulation

2. Hydroxychloriquine – stops replication of many pathogens especially viral

# *Strategies for Fighting*

## *Jab Transmission Illness: If you have been vaccinated*

1. Ivermectin – arrests the spike protein in circulation
2. Hydroxychloriquine – stops replication of many pathogens especially viral
3. Immune Health – do everything in your power to support your immune system; your risk of getting other pathogens is very high.

# What Can We Do?

I'm not aware of anywhere that the vaccine is fully mandatory despite all of the "news". Do not fear what has not and will not happen in the future.

Do your own research – you have choices and you should use all of them.

Decline (not refuse) the vaccine

Some points to remember:

The vaccine cannot be legally mandated because it is experimental & only has emergency use authorization. OSHA has stated that employers who force the vaccine are liable.

Ask if safety trials have been completed? The answer is no – not a single one.

Ask if it has been proven to have no risk to fertility?

Jobs can be replaced; your life and health can't be. If the company you worked for was asking you to do something unethical or immoral – would you say I have to do it because I need the job? Treat the vaccine the same way AFTER writing a letter to your HR declining the vaccine and lifting out the points above. Many employers simply back down when this is done. There are letter templates available written by lawyers for many situations and organizations that will represent you.

Trips and border crossings CAN wait; your health and life can't!

Look at religious exemptions if available

Talk to your doctor about medical exemptions

# And above all – PRAY – because prayer changes things.

TOMORROW IS TOMORROW!

Matthew 6:25-34

Why do you worry about the year that your feet have not yet trod?  
Live instead with trust, not fear, knowing that HE (Yahweh) lives,  
You and your family can face tomorrow.

Edward Everett said

"Never attempt to bear more than one kind of trouble at once.  
Some people bear three kinds: all they have had, all they have now, and all they expect to have."

Jesus said, "TAKE NO THOUGHT FOR TOMORROW FOR TOMORROW SHALL TAKE THOUGHT FOR THE THINGS OF ITSELF."

You can go to bed depressed after praying tonight and wake up with a miracle tomorrow. For with GOD, all things are possible!

"NO AMOUNT OF REGRETTING CAN CHANGE THE PAST, AND NO AMOUNT OF WORRYING CAN CHANGE THE FUTURE.."

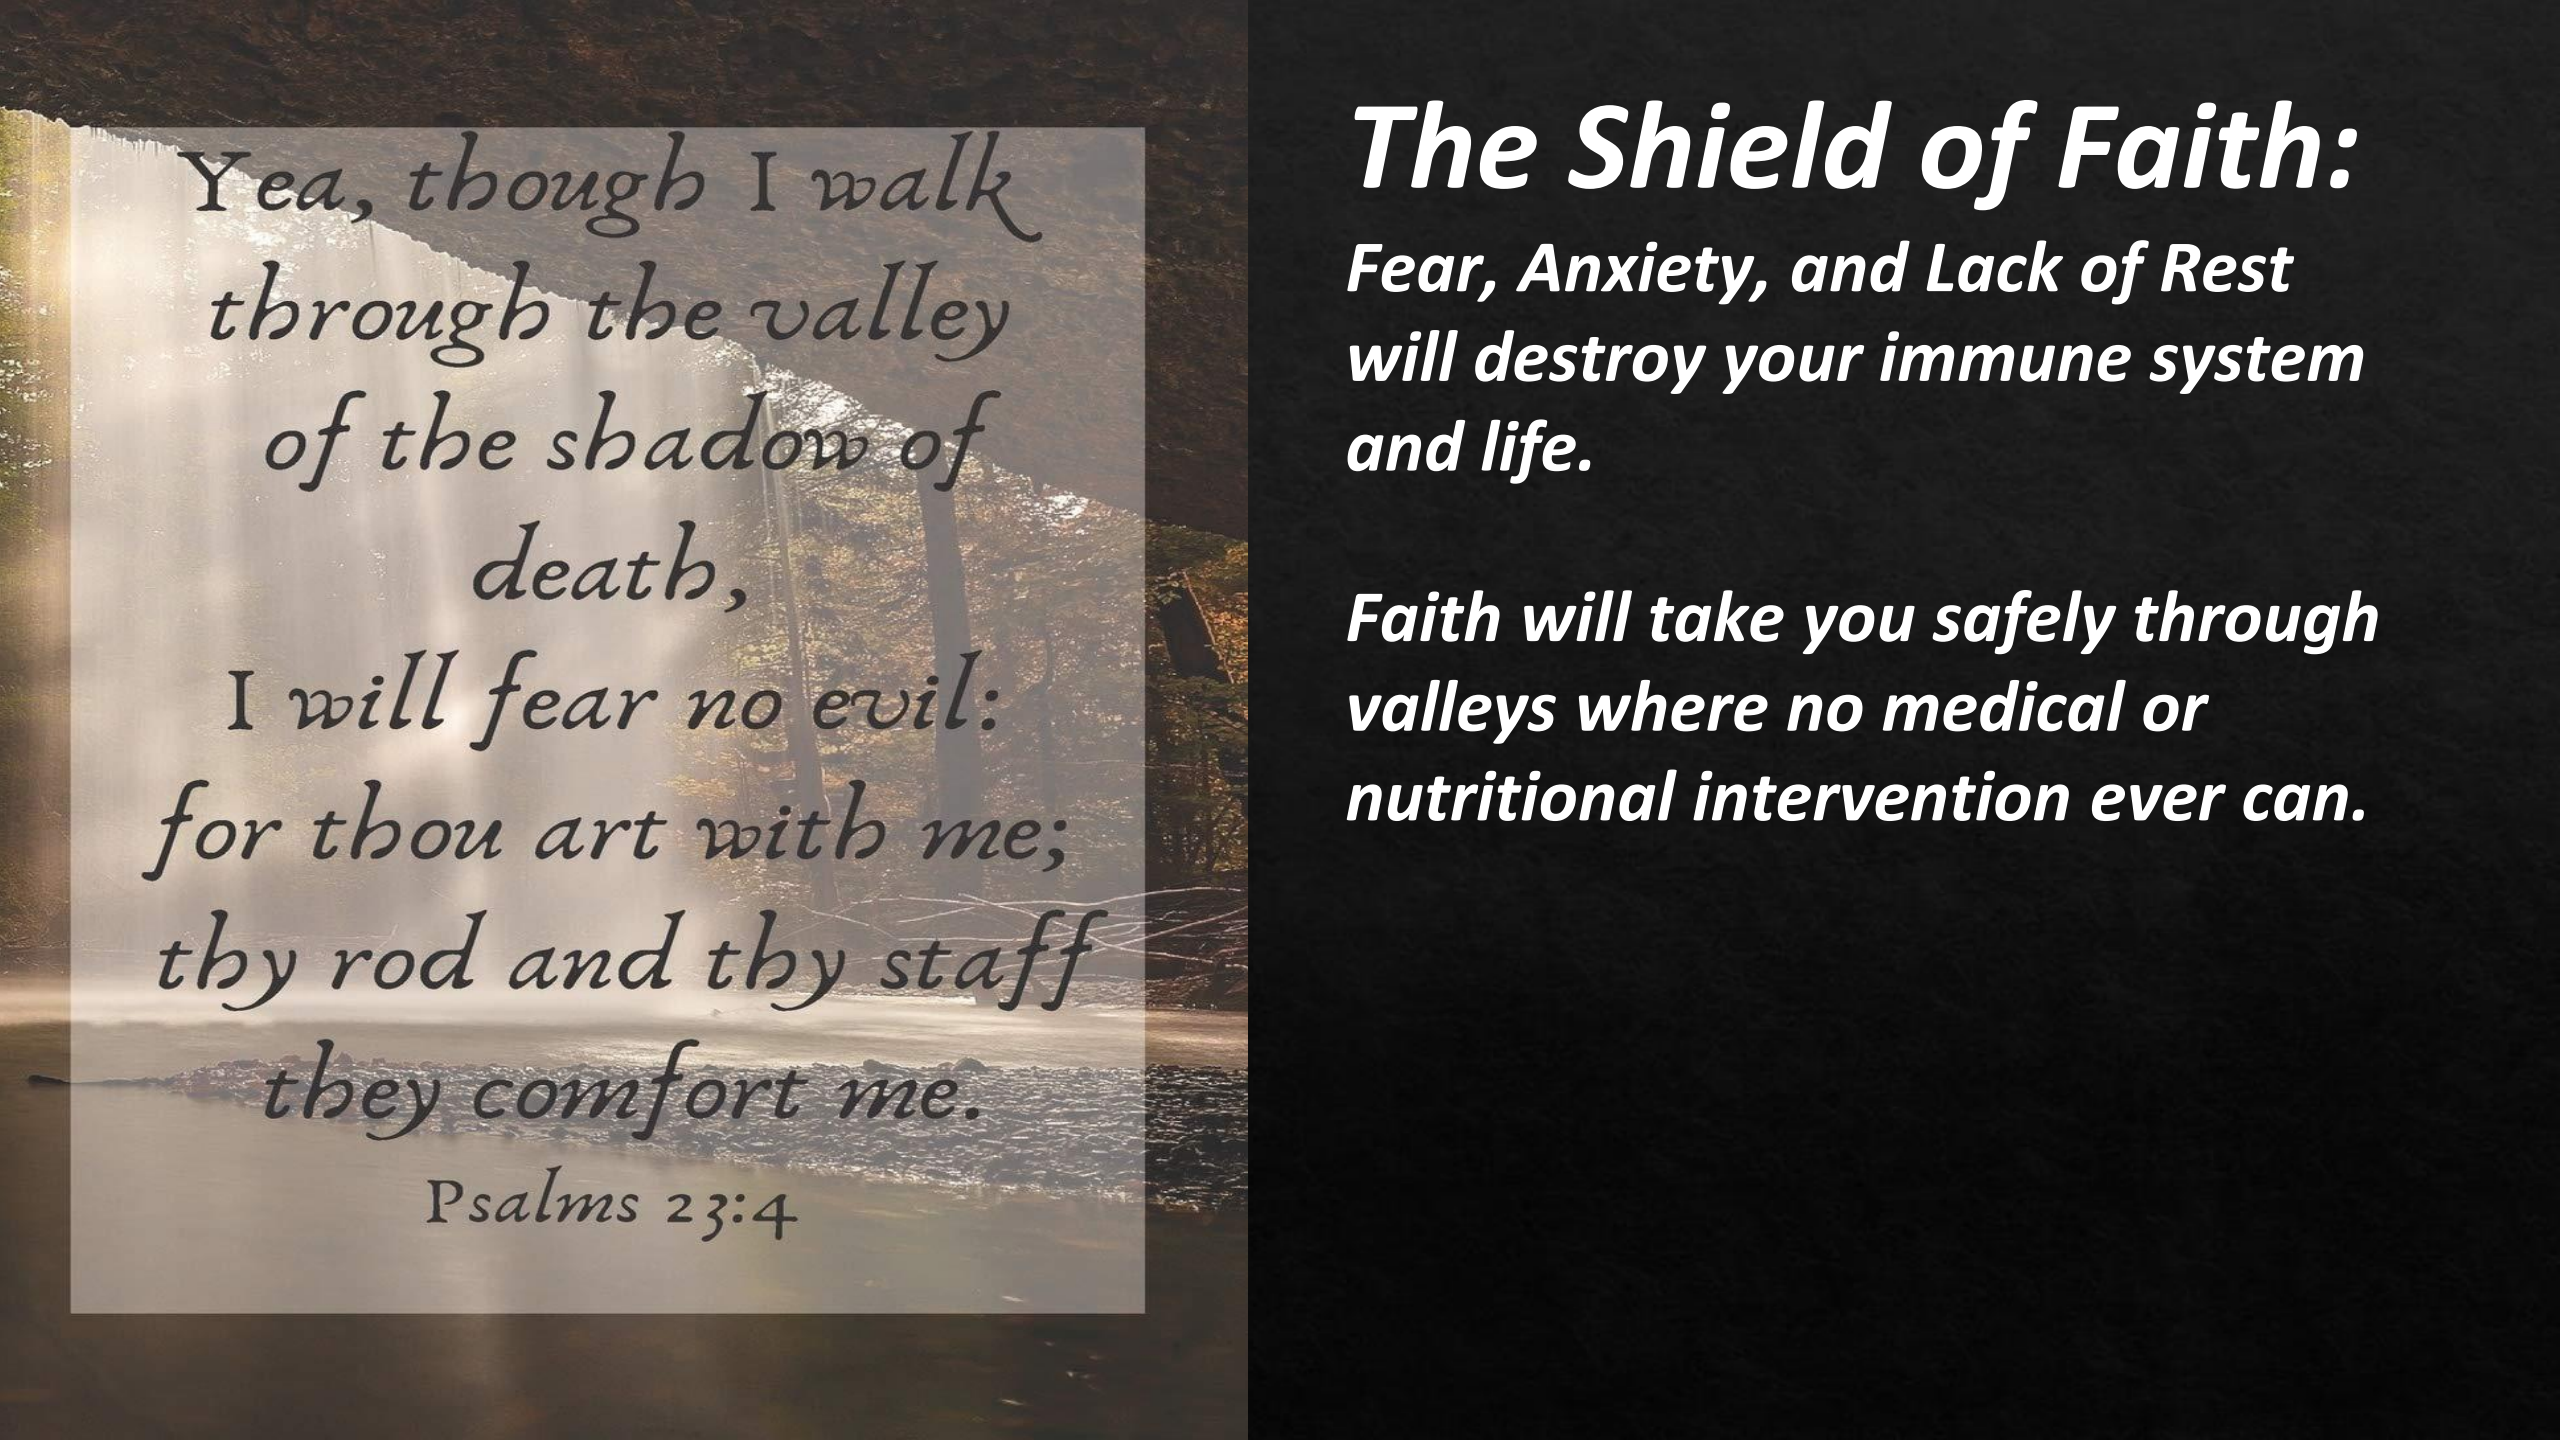

Live and enjoy today no matter what the devil is screaming around you ; Sometimes GOD appears slow but trust HIM.

REJECT WORRY AND FEAR!

We lose the joy of living in the present when we worry about the future!

FAITH OVER FEAR!

I Refuse to die today, thinking of tomorrow...

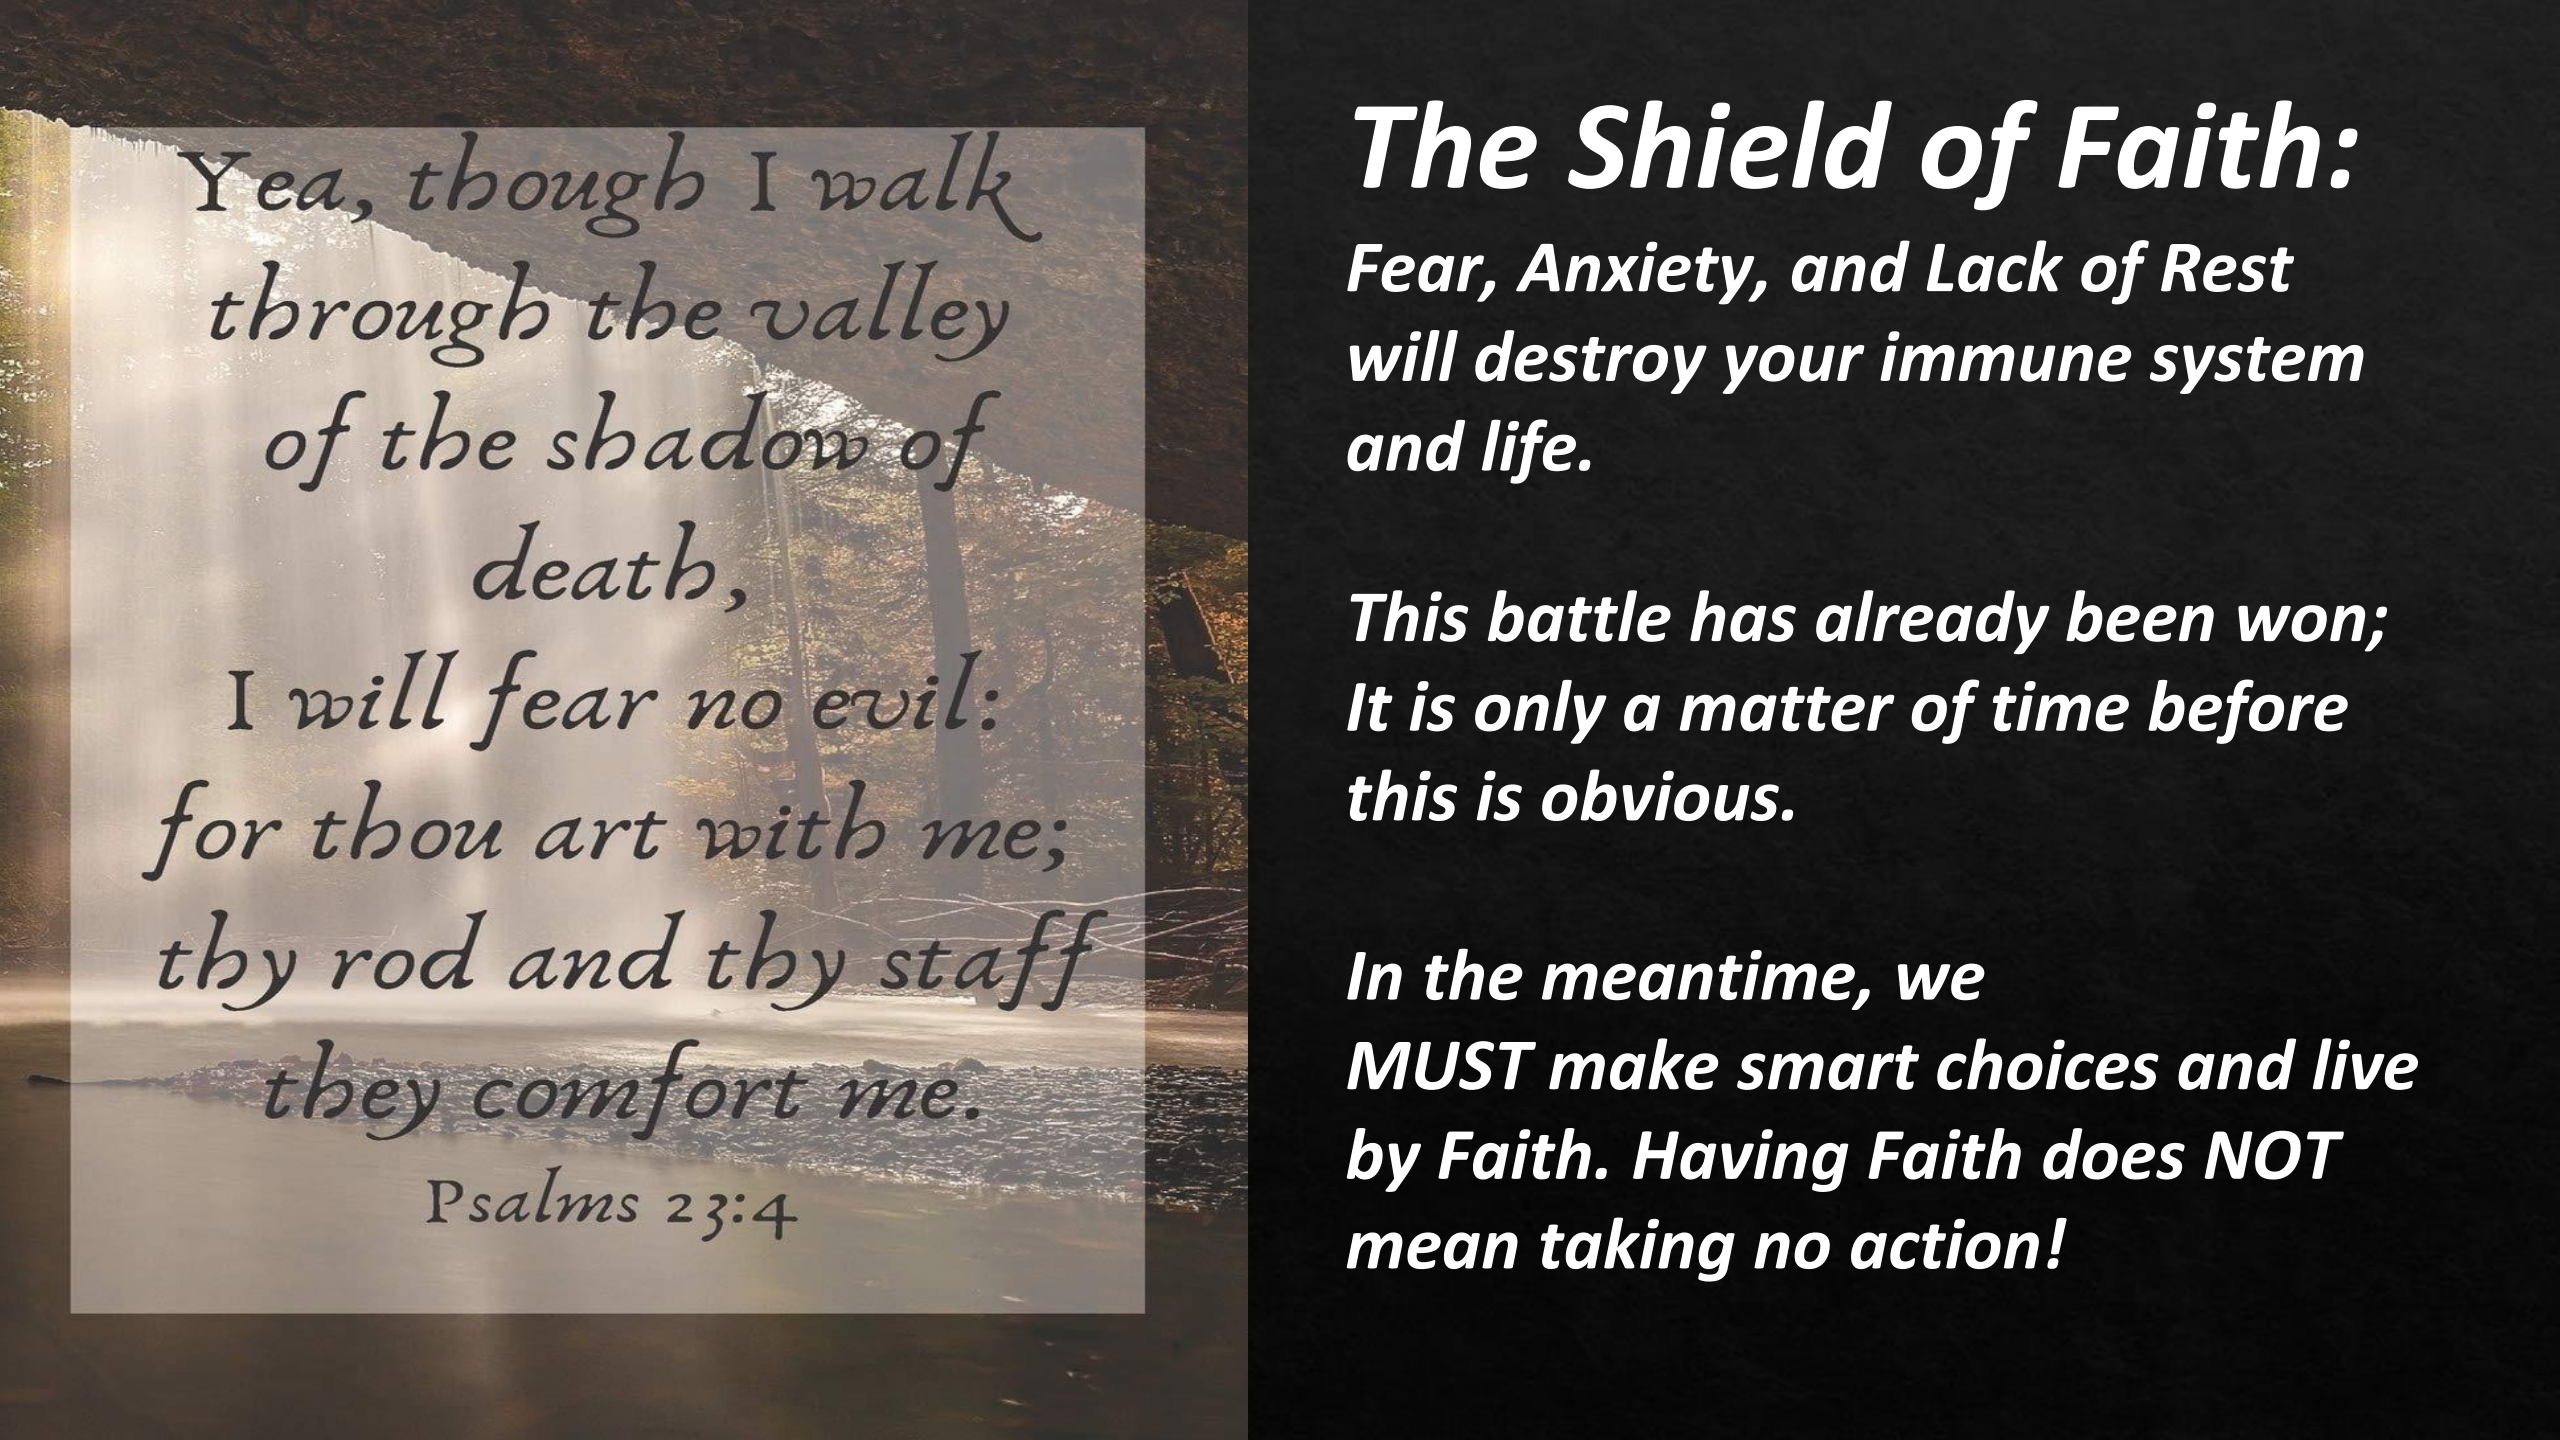

*Yea, though I walk  
through the valley  
of the shadow of  
death,  
I will fear no evil:  
for thou art with me;  
thy rod and thy staff  
they comfort me.*

*Psalms 23:4*

***The Shield of Faith:  
Fear, Anxiety, and Lack of Rest  
will destroy your immune system  
and life.***

***Faith will take you safely through  
valleys where no medical or  
nutritional intervention ever can.***

*Yea, though I walk  
through the valley  
of the shadow of  
death,  
I will fear no evil:  
for thou art with me;  
thy rod and thy staff  
they comfort me.*

*Psalms 23:4*

## ***The Shield of Faith:***

***Fear, Anxiety, and Lack of Rest  
will destroy your immune system  
and life.***

***This battle has already been won;  
It is only a matter of time before  
this is obvious.***

***In the meantime, we  
MUST make smart choices and live  
by Faith. Having Faith does NOT  
mean taking no action!***
