

Show Notes

Show Summary:

With 2023 behind us we're turning our attention to the shiny new year ahead of us and I don't know about you but I am excited! I'm excited but I'm also exhausted! It's important that you start the new year right and being so depleted mentally and physically that you can't think straight isn't the way to kick it off. That's our topic for today. I'm going to talk about how to refill and recharge your tanks so you can be truly excited about 2024.
